Unfortunately, this testimony does not relate what Jesus did to this man !!! You must rectify your testimony, brother. You had to praise Jesus, what did he do in your life exactly, how he transformed your life, what message you must share with non-believers! Your testimony urges people to believe in your life but not in Jesus. To preach the Gospel is not

JESUS was Jewish, in Asia ... the Christian religion is not a religion created by the whites, not all whites are Christians, it was born in Israel advocating one God and not several gods ...

whatever !!! JESHUA means the savior, the messiah the translation into Greek gives JESUS ... since French comes from the Greek ... sorcery ... and in sorcery it does not have the word spell ... A spell is evil, not good, if sorcery did good benign would be the first in Africa ... do not confuse God's power and sorcery

These are collaborators The worship of our forefathers is the only way to GOD. As from every people there are good and pious; Africa is not set apart. But our forefathers rose to GOD 4000 years before the white had the notion of GOD

The Christian religion comes from Israel, and it's a very small country in the midst of the Arab nations ... it speaks of the Love of God for the Men, the practices of our ancestors are Direct worship to luciphère ...

To Calvin: it is not enough to affirm something so that this thing is true. The worship of your ancestors does not prove that it is the only way to God. If not, please give specific examples. On the other hand, Yeshua (Jesus) proved that he is the only way that leads to God. He was not content with words.

Davidazoff david Hello, I will try to answer your question. We discussed this issue with Maxime the ex feticheur. He became a disciple of Christ with his little family. For this kind of case there is the possibility that the fetish actually exists or the possibility that the fetish simply does not exist at all. 1) - the fetish does not exist

Davidazoff david the continuation of the first part of answer 2) - the fetish really exists What represents the fetish? You certainly know that. But when one has problems, received the seed of a seer it happens that at times certain things escape us. The fetishes are usually: wood, tree, a piece of paper on which scrawled

Glory be to God for this powerful testimony. He really unveiled the secrets of manipulation, of lying. People are greedy, wicked. He really gave his life to Jesus. I pray that the Lord will protect him. The Devil aggravates the problem but Jesus delivers and returns the person free. With Jesus one gets rid of all the worries and problems. Thank You Lord
